## TIME CAPSULE LOUNGE

*This area invites you to write a personal note to your future self, seal it and leave it to be disclosed in a future moment. Just imagine writing a letter to your future self, then opening it at that exact moment ahead in the future to read the message from the past you've left to yourself. It serves as functional or poetic or just-for-a-laugh note-to-thyself, to remind you of little something that can be valuable to yourself. Leave it to Once to be your time-turner; we will mail the letter to you all in a timely manner!*

## FINDING HOTEL ONCE BANGKOK

*The first major lively trade district of its kind in Siam was once located here along Chao Phraya River. And from that time on, it still continues its rich legacy until today. The Legendary Charoenkrung is one of the main roads in the heart of Bangkok today, which runs roughly in parallel to the river. "Charoen Krung Road" literally means the "Road of the Prosperous City."*
